Overview

With a 300 year heritage, RSA is one of the world's leading multinational quoted insurance groups. Focusing on general insurance, RSA's core markets are the UK & International, Scandinavia and Canada, with the capability to write business across the globe.

Challenge

RSA are a long term client of CCI. Our challenge was to consolidate all aspects of RSA business and relocate into the 3rd floor of the Law Society Building in the centre of Belfast. CCI reconfigured the 3rd floor to comfortably accommodate up to 100 members of staff including meeting rooms and staff recreational facilities.

Solution

CCI were able to relocate the RSA staff members over a series of weekend and out of hours works so not to disturb the RSA business. We were able to facilitate the office re-furbishment with our careful project management and design skills to ensure a professional finish and within tight time frames.

" Creative Commercial Interiors were a fantastic company to work with. We definitely made the correct choice when choosing them to bring our offices into the 21st Century and would most definitely recommend to other companies looking to do the same "
